

A modern kitchen interior featuring white shaker-style cabinetry, a large marble island with a white countertop, and three large, clear glass pendant lights hanging over the island. The kitchen includes a stainless steel range hood, a gas cooktop, a sink with a chrome faucet, and a built-in oven. A large window on the right side of the image provides a view of a green lawn and trees. The overall aesthetic is clean, bright, and contemporary.

IF SECOND TRIP IS MADE TO TEMPLATE OR DELIVER, FEE OF \$300.00 WILL BE APPLIED. GRANITE IS NATURAL STONE, NO WARRANTY IS OFFERED.

6. FREE DELIVERY WITH A MINIMUM ORDER OF \$1000.00, OTHERWISE THERE'S A \$250.00 DELIVERY CHARGE. CUSTOMER OR AUTHORIZED AGENT MUST BE PRESENT AT DELIVERY TO SIGN, DATE AND ACCEPT. DELIVERY MUST BE CANCELLED 2 WEEK BEFORE DELIVERY OR A CHARGE OF \$250.00 WILL BE APPLIED TO DELIVER THE CABINETS ON THE NEXT SCHEDULED DAY.

7. IT IS THE BUYERS RESPONSIBILITY TO VERIFY QUANTITIES RECEIVED, INSPECT CARTONS FOR DAMAGE, SIGN AND DATE THE SHIPPING TICKETS.

8. CLAIMS FOR SHORTAGES, ERRORS, OR DAMAGES TO MERCHANDISE MUST BE NOTED ON SHIPPING TICKET AT TIME OF DELIVERY. CONCEALED DAMAGES MUST BE REPORTED TO YOUR CENTURY REPRESENTATIVE WITHIN 2 WEEKS OF SHIPMENT.

9. MERCHANDISE IS NOT RETURNABLE UNLESS DEFECTIVE. DEFECTIVE ITEMS NEED TO BE RETURNED WITHIN 30 DAYS OF DELIVERY UNINSTALLED AND IN ORIGINAL BOX. REPLACEMENT ITEMS WILL BE EVEN EXCHANGE. FLOOR SAMPLES ARE FINAL AND NOT RETURNABLE.

10. CENTURY CABINETRY HAS A 10-YEAR LIMITED WARRANTY, EFFECTIVE AS OF 4/01/12. CENTURY KITCHENS WILL REPAIR OR REPLACE ANY MATERIAL THAT PROVES DEFECTIVE; WE WILL NOT ACCEPT CLAIMS FOR LABOR COST OR DAMAGES.

11. CREDITS FOR ANY REASON WILL BE AT CENTURY KITCHENS DISCRETION INCLUDING A 35% RESTOCKING FEE FOR APPROVED PARTS.

Warranty Information

10 Year Limited Warranty

Century Cabinetry, Inc. warrants its products to be free from defects in material or workmanship under normal use for a period of 10 years from date of purchase by the original consumer purchaser and is not transferrable to subsequent homeowners. Should defects in material or workmanship arise during this warranty period, Century Cabinetry, Inc. will replace or repair, at its discretion, the defective cabinet, material or component.

This warranty does not cover products that are misused, abused, neglected, modified, improperly stored, incorrectly installed, or subjected to extremes in moisture or temperature.

This warranty covers only parts and materials of the products manufactured by Century Cabinetry, Inc.. Not covered under this warranty are countertops, appliances, plumbing fixtures, etc or the costs (including labor) to remove or re-install materials or related items such as plumbing fixtures, countertops, appliances...

Wood Disclaimer

Variations in color and grain are a natural characteristic of wood. Changes in color on finished wood products can occur due to exposure to light and other environmental factors. These variations and color changes are not deemed defective and therefore are not covered under this warranty.

Finishes/Glazes/Distressing

Variations in Century Cabinetry's hand applied finishes and glazes are what give each piece its distinctive look and these variations are not considered to be defects in material or workmanship.

Changes to Finishes or Product Design

Century Cabinetry may modify product due to supplier availability and as changes or improvements are implemented, but is under no obligation to make these changes to previously manufactured product.

If a warranty claim is filed after a product or finish becomes obsolete, Century Cabinetry reserves the right to honor the warranty in the following ways:

- a. To replace the affected component with a new component of the same style
- b. To replace the affected component with any other component(s) to achieve a similar appearance with a style that is comparable in appearance, color, design or construction based upon current product offerings.

If components are replaced, Century Cabinetry cannot guarantee that the finish of these items will be an exact match to the finish and appearance of the original purchased components.

Making a Claim

Implied Warranties

This warranty is only valid in the United States of America. To the extent permitted by law, any implied warranties, including the implied warranties of merchantability and fitness for a particular purpose, are limited to the duration of this express warranty. This warranty excludes any incidental or consequential damages. Some states do not allow To make a claim under this warranty, the purchaser must contact their local Century dealer or distributor and report said defects. If you have difficulty obtaining assistance write to: Century Cabinetry Inc. 220 Phillips Road Exton, PA 19341. Attn: Customer Warranty/Service Department. To ensure timely processing, please include your name, phone number, builder or contractor name, lot number, address, city, state, and zip code.

Warranty Effective Date

This warranty is effective as of April 1, 2012 and covers all cabinets ordered on or after this date.

THIS WARRANTY IS THE EXCLUSIVE WARRANTY OF CENTURY CABINETRY AND IS IN LIEU OF ALL OTHER WARRANTIES, EITHER EXPRESSED OR IMPLIED. IN NO EVENT SHALL CENTURY CABINETRY BE LIABLE FOR CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES RESULTING FROM THE INSTALLATION, USE OR FAILURE OF ITS PRODUCT.

Product Care & Cleaning

Care & Cleaning Guidelines

The solid wood and wood veneer components used in the manufacture of your cabinets are finished with a Water-Based UV Finish, which will hold up to continuous use for many years. The materials used in the finishing process are especially designed to meet industry performance standards for resistance to moisture, grease, soap, detergents, and food stains. The following guidelines and suggestions should help keep your cabinetry looking beautiful for many years.

General Cleaning and Care of Wood Cabinets

Remove any oil, grease, or soil, using a clean damp cloth of mild soap and water. Rinse with a clean damp cloth. Dry thoroughly with a soft lint-free cloth. DO NOT use steel wool, soap pads, polishing wax or cleaners containing bleach, ammonia, harsh detergents, and abrasives. All of these can remove the factory-applied finish and thus void warranty.

Routine cleaning can help prevent permanent damage from build up of grease and smoke.

Excess moisture can also damage cabinets. The most common areas for moisture build-up are around the sink, range, dishwasher, oven, and baseboard. Immediately dry surfaces with a clean cloth.

Over time cabinet finish may either darken or lighten depending upon lighting. This is normal.

To repair nicks and scratches

Use a matching Touch Up Marker which is designed to match the cabinet finish. If you do not have one, please contact your Century Cabinetry dealer.

Apply the touch up marker over the scratched area and wipe away the excess with a clean soft cloth. Never use sand paper or any other material to even out a scratch, as it will damage the finish.

Care of Cabinet Interiors

Century Cabinetry's shelves are made of low pressure laminate which is a material that is resistant to scratches, stains, and water penetration

To remove food residue or grease, use any common dishwashing liquid (not detergent) or a solution of mild soap and water. Wipe clean with a clean soft damp cloth and dry thoroughly. Wipe up spills and dry immediately.

that are above and adjacent to a self-cleaning oven.

Industry Qualifications

Century Cabinetry is committed to conducting our business in an environmentally responsible manner. Our commitment to environmental awareness and preservation is reflected throughout our business. Century's cabinetry is manufactured using environmentally friendly practices.

KCMA Certified

Century Cabinetry has been certified by the Kitchen Cabinet Manufacturers Association (KCMA) as meeting the standards for their Environmental Stewardship Program (ESP). Our organization is committed to meeting and further exceeding the standards as set forth by the leaders in our industry. Visit WWW.KCMA.ORG for more information.

CARB II Compliant

California Air Resources Board (CARB) continues in the development of innovative air pollution control strategies. CARB II is the toughest standard in the world for formaldehyde emission levels from composite wood panels. Century Cabinetry products are CARB II compliant. Visit WWW.ARB.CA.GOV for more information.

WATER BASE UV Finishing

In 2008, Century completed a Finishing System Modernization program committed to environmentally safe processes. Stains and Finishes were converted to Water-Base UV thereby virtually eliminating hazardous air pollutants (HAPS)

LEADERSHIP IN ENERGY ENVIRONMENTAL DESIGN (LEED)

and off-gassing odors and greatly reducing volatile organic compounds (VOC). Material is also formulated without heavy metals and are formaldehyde free. These standards provide a healthy product for your home while protecting and conserving our land and natural resources.

LEED is a nationally accepted benchmark for the design, construction and operation of high-performance green buildings. The LEED certification program is run under the guidance of the US Green Building Council (USGBC). Please visit WWW.USGBC.ORG for more information. Century Cabinetry can provide cabinets to fulfill most of your LEED project requirements.

Hanging - Position 14

**If item does not have numbers in position 12 & 13 the depth is 12"*

Specifications: Dimensional Specifications

The following illustrations show the height dimensions of cabinets, doors, and drawers to assist with placement and alignment, during the design and installation process. Noted door and drawer dimensions are nominal. For exact sizes, consult the Replacement Items section. The typical 3-15/16" high toekick and a 1-1/2" thick countertop are both shown for a total height of 36".

84" High Cabinet Top Alignment

Note: 30-9/16" H wall cabinets, installed 53-1/8" off the finished floor, provides 17-7/16" clearance below the wall cabinets to a typical countertop height of 36".

90" High Cabinet Top Alignment

Note: 36" H wall cabinets, installed 54" off the finished floor, provides 18" clearance below the wall cabinets to a typical countertop height of 36".

Specifications: Dimensional Specifications

96" High Cabinet Top Alignment

Note: 14-7/8" H wall cabinets, installed 54-1/8" off the finished floor, provides 18-1/8" clearance below the wall cabinets to a typical countertop height of 36".

102" High Cabinet Top Alignment

Note: 48" H wall cabinets, installed 54" off the finished floor, provides 18" clearance below the wall cabinets to a typical countertop height of 36".

Specifications: Cabinet Construction - Full Access (Frameless)

Backs

- 5.5 mm thick **fibrex*** painted natural maple wood-grain
- **Fiberex is a High Density Fiberboard (HDF) reinforced panel set into end panels, secured with adhesive and clamped under pressure, ensuring square construction.**

Finished End Panels

- 5/8" thick furniture-board low pressure laminate
- Exposed ends coordinates with door color
- Front is edge-banded to coordinates with door color
- Drilled to receive 8mm wood-dowels (top and bottom)
- Interiors are Natural Maple color wood grain laminate

Unfinished End Panels

- Unexposed ends are neutral color

Tops & Bottoms

- 3/8" thick furniture board laminated low pressure laminate
- Front Edge has horizontal face frame rail attached (1 7/8" high)

The Following Cabinets Are Full Access (Frameless) Construction:

Oven Cabinets (OC)	Base Lazy Susans (BLS)	Apron Drawers (AD)
Pantries and Utilities (UC)	Base Corner Susans (BCS)	Desk Files (DF and DDF)
Utility End Corners (UEC)	Base End Corner (BEC)	Vanity Linen (VL)
Wall End Corner (WEC)	Base Corner (BC)	Wine Rack Diagonal (WRD)*
Lift-Up Door Appliance Garage (WLIFT)	Base Pullout (BPO6)	* Does not use face frame rail

Specifications: Cabinet Construction - Framed

Face Frames

- 3/4" thick solid wood stiles and rails; joined with pocket screws
- Stiles are 1 1/8" wide; inside edge is beaded and outside edge radiused
- Rails are 1 7/8" wide inside edge is beaded and outside edge radiused

Backs

- 5.5 mm thick **fibrex*** painted natural maple wood-grain
- ****Fibrex is a High Density Fiberboard (HDF) reinforced panel set into end panels, secured with adhesive and clamped under pressure, ensuring square construction. ****

End Panels

- **Unexposed** end panels are 3/8" thick furniture-board; recessed a 1/4" from outside edge of face frame.
- Exterior face of end panel is laminated with a low pressure laminate.
- Interior face of end panel is laminated with a low pressure laminate in natural maple wood grain.
- **Exposed** end panels are 5/8" thick furniture-board; semi-flush with outside edge of face frame.
- Exterior face of end panel is low pressure laminate coordinating with door color.
- Interior face of end panel is low pressure laminate in Natural Maple color wood grain.

Tops & Bottoms

Wall Cabinets

- 3/8" thick furniture-board low pressure laminate with Natural Maple wood-grain on both sides.
- Dadoed and glued into the end panels and face-frame.

Base Cabinets

- Bottoms -- 3/8" thick furniture-board with low pressure laminate.
- Dadoed and glued into the end panels and face frame.
- Tops -- 3/8" Thick Plywood Vertical Construction Braces

Toekicks

- Separately constructed; glued and stapled to the cabinet.
- Constructed of 5/8" thick MDF or furniture board.
- On finished cabinet ends, the toekick is recessed in 2".
- On nonfinished cabinet ends, toe kick is recessed in 3/8".
- **TKC8** must be ordered to give a seamless finish in field.

Shelves

Carriage House Series

- 3/4" thick furniture-board low pressure laminate; with beaded wood edge.
- *****Bradford, Coventry, Manchester & Impervia Highland Door Styles Use Gatehouse Shelf****

Gatehouse Series

- 3/4" thick furniture-board laminated low pressure laminate; with PVC edge-banding.

Specifications: Cabinet Construction - Framed (All Wood Construction)

Face Frames

- 3/4" thick solid wood stiles and rails; joined with pocket screws.
- Stiles are 1 1/8" wide; inside edge is beaded and outside edge radiused.
- Rails are 1 7/8" wide inside edge is beaded and outside edge radiused.

Backs

- 5.5 mm thick prefinished wood veneer with an MDF core.

End Panels (Carriage House)

- **Unexposed** end panels are 1/2" thick plywood; recessed a 1/8" from outside edge of face frame.
 - Exterior face of end panel is laminated with an unfinished wood veneer inner plies and MDF cross-bands.
 - Interior face of end panel is laminated with a prefinished wood veneer inner plies and MDF cross-bands.
 - **Exposed** end panels are 5/8" thick plywood; semi flush with outside edge of face frame.
 - Exterior face of end panel is laminated with a wood veneer inner plies and MDF cross-bands. A matching stain or paint color is applied to MDF or wood veneer.
 - Interior face of end panel is laminated with a prefinished wood veneer inner plies and MDF cross-bands.
- ***NOTE: Bradford, Coventry, Manchester & Impervia Highland Door Styles use Gatehouse Specifications***

End Panels (Gatehouse)

- **Unexposed** end panels are 1/2" thick plywood; recessed a 1/8" from outside edge of face frame.
- Exterior face of end panel is laminated with an unfinished wood veneer.
- Interior face of end panel is laminated with a prefinished wood veneer.
- **Exposed** end panels are 1/2" thick plywood; recessed a 1/8" from outside edge of face frame. Back of frame is unfinished.
- Exterior face of end panel is laminated with a wood veneer in the matching stain or paint color.
- Interior face of end panel is laminated with a wood veneer.

Tops & Bottoms

Wall Cabinets

- 3/8" thick plywood laminated with a prefinished wood veneer on both sides.
- Dadoed and glued into the end panels and face-frame.

Base Cabinets

- Bottoms -- 3/8" thick plywood prefinished wood veneer.
- Dadoed and glued into the end panels and face frame.
- Tops -- 3/8" thick plywood Vertical Construction Braces.

Toekicks

- Separately constructed; then glued and stapled to the cabinet.
- Constructed of 1/2" - 5/8" thick plywood.
- On finished cabinet ends, the toekick is recessed in 2".
- On unfinished cabinet ends, the toekick is recessed 1/2".
- **TKC8** must be ordered to give a seamless finish in field.

Shelves

Carriage House Series

- 3/4" thick plywood laminated with a prefinished wood veneer on both sides; with beaded wood edge.
- **Bradford, Coventry, Manchester & Impervia Highland Door Styles Use Gatehouse Shelf****

Gatehouse Series

- 3/4" thick plywood laminated with a prefinished wood veneer; with prefinished wood veneer edge banding.

Specifications: Cabinet Construction - Cabinet Modification Options

Cabinet Box Modification Codes	
Code	Description
BOX	Box (No doors or drawer heads or hinges)
364	Box Only (No drawers/pullouts/doors/dheads/shelves/hinges)
BOB	Box Only (No drawers/pullouts/doors/dheads/shelves/hinges) with bead board back
PLY	Plywood Sides
AWB	All Wood Box
ES	Exton Stock

Cabinet Component Modification Codes	
Code	Description
BB	Beaded Back Only offered on cabinets that have finished interior. NOT available on angled cabinets
TKA	Toe-kick Add-On
NTK	No Toe-kick Assembly
TTD	Tall Tray Dividers (Must order individual divider trays) **Offered on 96" and Taller Cabinetry and 24" Deep Tall Cabinetry **Not Offered in Gatehouse Series or CHS Signature Series

Drawer / Pullout Modification Codes	
Code	Description
DTG	Dovetail Drawer Core/Full Extension Soft Close Glides **This option is offered for Gatehouse Series Only. Not offered on base pull-outs (GPO)
GPO	Pullout instead of half shelf in Gatehouse Series **This option is offered for Gatehouse Series Only. 21" deep pullout (Middle position only)
FAP	Full Access Pullout **Only available for middle position pullouts. ** Not Available in Gatehouse Series or CHS Signature Series
NPO	No Pullout ** Not Available in Gatehouse Series or CHS "Value" Series

Door / Drawer Front Modification Codes	
Code	Description
SCH	Soft Close Door Hinges **This option is offered for Gatehouse Series Only
FGL	Frosted Glass in lieu of Flat Glass on WG/WM Cabinets
RGL	Reeded Glass in lieu of Flat Glass on WG/WM Cabinets
NGL	No Glass inserts in doors for Glass or Mullion Cabinets
PN	Panel - Door will not be drilled for hinges and will only receive paint or stain- no topcoat
L2	Left Handed Door - 2 hinge Drillings
L3	Left Handed Door - 3 hinge Drillings
R2	Right Handed Door - 2 hinge Drillings
R3	Right Handed Door - 3 hinge Drillings
CD	Door that attaches to the cabinet Use this code when ordering Door for BLS or BCS cabinet
DD	Door that attaches to the door Use this code when ordering Door for BLS or BCS cabinet

Doors & Finishes: Wood Species Information

Wood is a natural material that has inherent variations in its graining and color. Because of this, each piece of wood or veneer accepts stain differently. This is part of what contributes to the unique beauty of wood. In addition, color difference or changes in the wood can occur over time with exposure to sunlight, harsh chemicals, smoke, and extreme heat or moisture. These are important characteristics of wood that should be taken into consideration. Additional information pertaining to each specific type of wood species is listed below.

Cherry is a close-grained hardwood with rich, varying colors ranging from light pink to deep browns. undulating waves and curls in the grain are natural and desirable qualities found in this wood. As Cherry ages, the wood becomes darker and this is especially apparent when exposed to direct sunlight. Other naturally occurring characteristics of this elegant wood include pin knots and mineral streaks.

Maple has a smooth, even texture and is a more uniform close-grained wood. Its natural colors range from a creamy white to dark reddish-brown tones. This varying palette can occur within a single door. Maple may contain mineral streaks, wavy or curly graining, and fine brown lines; all of which are acceptable characteristics of Maple's natural beauty.

MDF, or Medium-Density Fiberboard, is an extremely stable wood composite material made from wood fibers and resin. Because of its inherent stability, it's ideal for painted doors and drawer fronts. It is resistant to changes in heat and humidity unlike painted wood doors which are very susceptible to contracting & expanding. MDF painted doors create a beautiful look with a long lasting, durable finish.

Impervia Laminate, mimics the look and feel of paint but provides a durable, easy to clean, smooth finish which is also resistant to heat, humidity, warping, and fading.

Doors & Finishes: Finish Information

STAIN

Our cabinets are finished with a premium water-based UV cured finish. It is environmentally friendly and provides excellent durability and performance. The lustrous finish enhances the natural grain of the woods while providing a consistent, elegant appearance, even with darker stains. Because it is a UV-cured finish, the color will less likely fade over time which helps to maintain the beauty of your investment.

PAINT

Our paint finishes are also water-based UV cured finishes, with the same eco-friendliness and performance. It is a durable, opaque color that emphasizes and accentuates the rich detailing of each door. It also will less likely fade over time and maintain a consistent, elegant look to the cabinetry.

GLAZES*

Glazes are a hand applied finish that accentuates the unique detailing on the doors and drawer fronts. It collects in the corners, grooves, and recesses and because of this, the overall look varies from subtle to dramatic based on the door style selected. Face frames, ends, panels, and selected moldings will not receive glazing. Some slab drawer fronts will not receive any glazing due to the lack of detail. For further clarification please contact your rep. or designer.

DISTRESSING*

Distressing is offered in two colors: Black Distressed and Walnut Black Distressed.

Walnut Black Distressed feature hand applied distressing characteristics like bird pecks and scratches meant to replicate an aged look. This is further accentuated by the addition of glazing which highlights the appealing imperfections.

Black Distressed feature a sandthrough technique which exposes the underlying panel and replicates a time-worn effect.

**** Specialty finish techniques in particular will vary within individual doors and throughout the entire room. It is recommended that a sample door and drawer front be ordered to illustrate the unique characteristics inherent within each finish. Inconsistencies should be expected and are acceptable qualities featured in the specialty finishes.***

End Panel Door Program (EPDR)

- End Panel Doors (EPDR) are decorative door panels that can be ordered as separate items and applied to the finished ends of Wall, Base and Tall Cabinets.
- EPDR's are made of 3/4" deeper than the cabinet side.
- Front edge of the End Panel Door covers the face frame.
- Meets the edge of the door on the front of the cabinet.
- The back edge of the End Panel Door is flat so that it butts up against the wall evenly.
- The front, top and bottom edges of the End Panel Door are detailed to match the edges of the cabinet doors based upon the cabinet series you are ordering.

Note: Since the back edge of the EPDR is flat, these should not be used to wrap around islands and peninsulas. The EPDR is designed to be used as a decorative door panel on the sides of cabinets that butt up against a wall.

You must designate **finished ends** for all cabinets that will be receiving the decorative End Panel Doors (EPDR)

** Please allow the standard 4 week lead time when ordering COLOR SETS*

** Lead time for smaller orders of individual COLOR BLOCKS will be handled on a case by case basis*

Replacement Items

Door Hinge Drilling Information for GHS and CHS

When ordering replacement doors, it is important to know the following:

1. All doors up to 36" high receive 2 hinge drillings.
 2. All GHS and CHS doors 42" high receive 3 hinge drillings; except angled, glass and mullion doors which receive 2 hinge drillings.
 3. All angled, glass and mullion doors receive 2 hinge drillings.
 4. All 48", 54" and 61" high doors receive 3 hinge drillings.
 5. Hinges do not come with the doors - if needed, they must be ordered separately as REPLACEMENT ITEM.
- ** Be sure to specify the type of cabinet and manufacturer in REPLACEMENT ITEM detail screen to ensure you receive the correct hinges!! *****

Specification Guides

The following illustrations show the height dimensions of cabinets, doors, and drawers to assist with placement and alignment, during the design and installation process. Noted door and drawer dimensions are nominal. For exact sizes, consult the Replacement Items section. The typical 4-1/2" high toekick and a 1-1/2" thick countertop are both shown for a total height of 36".

84" High Cabinet Top Alignment

Note: 30" H wall cabinets, installed 54" off the finished floor, provides 18" clearance below the wall cabinets to a typical countertop height of 36".

90" High Cabinet Top Alignment

Note: 36" H wall cabinets, installed 54" off the finished floor, provides 18" clearance below the wall cabinets to a typical countertop height of 36".

96" High Cabinet Top Alignment

Note: 42" H wall cabinets, installed 54" off the finished floor, provides 18" clearance below the wall cabinets to a typical countertop

height of 36".

Vanity Cabinet Alignment

Note: Vanity Cabinets are 34-1/2" high.

Office Cabinet Alignment

Note: Office Cabinets are 29-1/2" high.

ADA Cabinet Alignment

Note: ADA Cabinets are 32-1/2" high.

Door Hinge Drilling Information for EURO

When ordering replacement doors, it is important to know the following:

1. All doors up to and including 42" high receive 2 hinge drillings.
2. All doors 48" and higher receive 3 hinge drillings.
3. Hinges do not come with replacement doors. If you need additional hinges, they must be ordered separately as a "REPLACEMENT" item.

Be sure to specify the type of cabinet the manufacturer in the REPLACEMENT item detail screen to ensure you receive the correct hinges

Miscellaneous Items

Page Location	Item Type	Nomenclature
205	Veneer Tops	VEREERTOP
206-208	Appliance Panels	PANEL-APPL
209-210	Decorative Hardware	

Miscellaneous Items

Veneer Tops

<u>Group</u>	<u>1st Item Code</u>
Veneer Tops	VEENEERTOP1*

* The 1st Veneer Top on an order will use this code. Subsequent Veneer Tops will use VENEERTOP2, VENEERTOP3, etc.

CTM8

Front edge will always be CTM8.
Exposed edge(s) will be CTM8.
Non-Exposed Edge(s) will be RAW.

Veneertops are only available in Traditional; they are not available in Euro.
Maximum length is 120". Maximum depth is 48".
Corners may be SQUARE, 3" CLIP, 6" CLIP, or 9" CLIP.
Bumpouts are available. Cutouts, radius corners, backsplash, or templates are not available.

- * 115-1/2" is the width of the top
- * 57-3/4" is the distance from the left end to the center of the bumpout
- * 36" is the width of the cabinet under the bumpout (SB36)
- * 25-1/4" is the depth of the top (not including the bumpout)

Overlay With Routing

Custom made Door Panel
Routing on edges of door creates the "Spacer" and "Backer" detail needed for many Built In Appliances
Router settings are fixed

Overlay Special

Custom made Door Panel with specially made backers are cut and attached to back of doors to create 1.1" thick detail per mfg instructions.
This includes refrigerators that have a dispenser on the outside of the door or appliances that require a backer panel that is significantly less in width from the overlay panel and Flush Inset

PANEL GROUP:

BAR FRIDGE
DISHWASHER
DRAWER/DOOR FOR DISHWASHER
ICE MAKER
TRASH COMPACTOR
WINE DRAWER

PANEL GROUP:

FRAME ONLY-NO CENTER PANEL

Only available in AVALON door rail detail
WILL NOT MATCH OTHER CABINET DOOR STYLES
*N/A on Vista and Venice Door Styles
